FIN-Meeting

The FIN will meet again every two weeks from April 22nd at 6.15 pm.
We are happy to welcome all students who would like to actively participate in the student council meetings or simply want to have a look at our meetings out of interest. There is no compulsory attendance or other obligations, so just drop in on our meetings! We, the FIN, actively represent student interests vis-à-vis the university, develop studies and the university environment, send representatives to committees and boards and help students with problems during their studies.

Hackathon X Gamejam

From 23.04. - 25.04. a hackathon will take place again. If you are interested in spending a weekend implementing a project or game, drinking coffee and spending time with other developers, you can find more information under the QR code.

BEPIC-Park

SAVE THE DATE! On May 8, it's finally time again: the best university party of the year is just around the corner. Keep an eye on the social media channels so you don't miss out on advance ticket sales.

Long evening of science

The Long Evening of Science at Ulm University on 23 May from 4pm to 8pm offers an exciting program from the fields of medicine, technology, computer science, psychology, chemistry, physics, biology, mathematics and economics. The focus this year is on quantum science with the "QuantumNight". Admission is free.

UNICEF HörsaalSlam

The university group UNICEF Ulm cordially invites you to the 5th Lecture Hall Slam! In lecture hall H4/5, talented poetry slammers will perform their contributions and bring words to life. You can also look forward to performances by the university big band and an artistic exhibition by the Music Center.
