Uniparty Kick-Offs

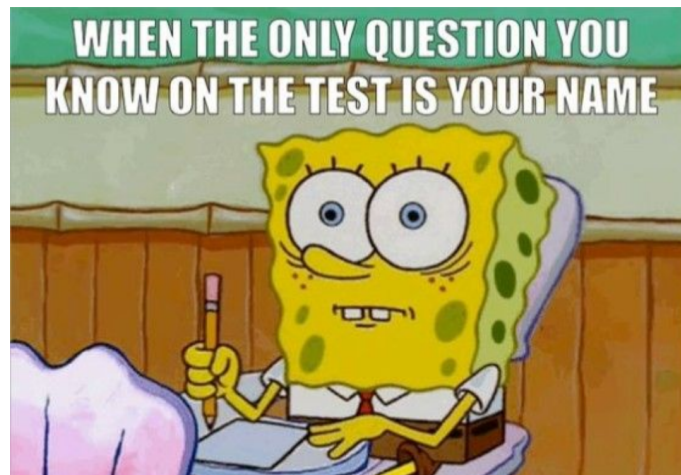

This summer semester, too, there will be a number of parties at the university. Two of them will soon have their first organisational meetings. So if you'd like to get involved in the organisation and take a look behind the scenes of such an event: Just drop by the kick-offs, no strings attached:

The **SoNaFe** ("SommerNachtsFest") is one of the biggest university parties in southern Germany and takes place every year in the summer semester between buildings 45 and 47 of Uni West as an open-air event with two stages (one with a DJ and one for live bands), as well as food and drink stands. In contrast to regular uni parties, up to 3000 people come to SoNaFe! To manage such a big event, some organisers and helpers are needed, hence interested people are invited to a first meeting at **February 2nd. at 6 p.m. in H8.**

The **BEPIC Party** is organised every semester by students of Biology, Electrical Engineering, Psychology, Informatics and Chemistry (the first letters of each department form the acronym BEPIC). The kick-off takes place on **February 9th at 6 p.m. in O27/123.**

Both new faces and people with party experience are welcome!
